Mr. Feinberg,

If you go on to [www.kita.org](http://www.kita.org) and sign up for a member (It doesn't cost anything) , you can view all the statistics monthly with the top ten countries that Korea import LNG. I wasn't able to download anything in excel yesterday because I was having troubles with computer virus. That's why I pasted the information in MS Word.

Once you log on, you will also need to know HS Code for LNG and it is 271111.

Let me know if you need any further assistance.

Best,  
Sofia

Sofia , Is there a way I can get the monthly histories for LNG imports for a specific country - or better, for all the countries available? You mentioned something about being able to put those in an Excel worksheet.

Dear Mr. Feinberg,

I got a response from my headquarter and the information provided at [www.kita.org](http://www.kita.org) are what KITA can offer for now. We will improve the services and will not charge for the data until anything has been decided.

KITA suggests that you contact KTNET (Korea Trade Net) <http://homepage.ktnet.co.kr/ktnet> for detailed statistics in a long term. However, there is a charge for the information. The contact point is Mr. Kwon at [cpbkwon1@ktnet.co.kr](mailto:cpbkwon1@ktnet.co.kr)

Hope this helped. Please feel free to contact us again if you have any questions.

Korea International Trade Association

Dear Vendor,

We would like to introduce Continental International to you. Established in 1970, Continental International is a "World Class Supplier" of O-rings, seals, and custom molded rubber components. We supply many industry leaders with these products for use in vehicle braking systems, four wheel drive systems, cooling systems, automotive lighting, engine components, and fractional horsepower motors.

We are seeking new suppliers of molded rubber parts of various configurations that we currently do not handle. Our goal is to establish long term working relationships with our manufacturing partners. We also request 60 day net payment terms.

Quality is of utmost importance to our company. In the Spring of 1997, United Registrar Systems Ltd awarded the QS-9000 and ISO-9002 certificates to our headquarters location. In the Fall of 1998, the State of Indiana presented Continental the 1998 State of Indiana Quality Improvement Award in recognition of our leadership and achievement in the field of quality.

At Continental, our customers' needs are first in every area of our operation. We are looking for manufacturers who share this philosophy, which is why we are contacting you. We are looking forward to your timely response to our request.

If your company is interested in supplying any of our needs please reply with an e-mail address where I can send the information to start the process.

Regards,

*Cindy Maxwell*
